## Crows Nest Soft Drinks

First established in 1903 we have been in continuous operation ever since. In times past nearly every small town in Australia had its own thriving 'Cordial' or 'Aerated Water' works but, sadly, with the rise of multinational beverage companies and the supermarkets, most had gone out of business by the 1990's.

Crows Nest Soft Drinks is one of the longest established of the few that remain and, since 2014, has been under the custody of the Davidson and Rosenberg families, making us the tenth owners. Crows Nest is a small country town in Queensland, Australia, with a population of around 2000. It sits in a beautiful hollow on the edge of the great dividing range and is an easy drive from Brisbane (158 km) with the nearest major centre being Toowoomba (43 km).

Visitors are always welcome at our factory where the full range of products are available at factory prices. Check out our extensive display of old bottles and memorabilia and view our restored bottling line circa 1960's. Alex and Murray will happily show you around and if you are lucky, you might even see our bottling line in action!

*We supply Soft Drinks all over Queensland and Flavoured Syrups across Australia and overseas.*

# CROWS NEST SOFT DRINKS

## SINCE 1903

### Opening Hours

Mon-Fri 8:30-4:30 Sat 9:00-2:00

8 Charlotte Street,  
Crows Nest QLD 4355

# Flavoured Syrups

**What are Flavoured Syrups?** Well, true to tradition they are Sugar Syrups..... Flavoured! Based on Bundaberg Cane Sugar, grown right here in Queensland, we produce around 30 different flavours to enjoy any way you like. Often referred to as 'Cordials', our range includes all of the Soft Drink flavours plus many others, some of which are available nowhere else.

Commonly used in home Soda Machines, Slushies, Milk Shakes, over Ice Cream and as a Flavoured Sweetener in coffee, you are only limited by your imagination. Mix as strong or as weak as you like, perfect in cocktails, baking or just a dash in ice cold water or Soda. These flavours are concentrated and many come from our original recipe books, so go easy at first until you find your perfect mix.

Available in a stylish 750 ml Marasca bottle and, for the true believers, in 5 litre drums! There are too many flavours to describe in detail so refer to the table on the other side for serving suggestions. Can't make up your mind? All flavours are available in 100 ml sample bottles, so try a few without breaking the bank.

## Double Sarsaparilla

Is our signature flavour and biggest seller by far. Still made from the original essences, our customers are constantly telling us that our 'Sars' is the best. Don't take our word for it, come and try one for yourself!

## Creaming Soda

A firm favourite enjoyed by young and old alike. Lower carbonation gives a smooth creamy taste and, unlike some of the big manufacturers, we've retained the traditional yellow colour the older generations will remember.

## Blue Lemonade

Very popular with the kids, the Traditional Lemonade Flavour is only enhanced by the Sky Blue colour that treats the eye as well as the taste buds!

## Portabello

This is a very old flavour sometimes called 'Portello' or 'Portino'. We're often asked what it tastes like and the best we can come up with is: Cherry/Grape with a hint of Creaming Soda! This is a very popular flavour so give it a try, you won't be disappointed!

## Lemon, Lime & Bitters

Our own unique blend of premium Lemon and Lime essences, fortified with Lime Juice and finished with genuine Angostura Bitters, just like they mix in the bar.... only better!

## Ginger Beer

The only recipe we've changed to incorporate more Ginger bite and a warm aftertaste. If you liked Grandma's Ginger Beer, you'll love this! No added colours and plenty of spice.

## Lime

Brilliant lime green colour and still a firm favourite. A refreshing summer drink, perfect as a mixer or in ice cream 'spiders'.

# Soft Drinks

We make a range of **16 traditional flavours**, many of which are still manufactured from the original recipes and ingredients. We only produce in 330 ml glass bottles which, unlike plastic (PET), gives our range an extended shelf life and ensures the product remains fresh and full of bubbles, no matter how long you like to store it. Glass is also infinitely recyclable which we think is important.

Traditional Soft Drinks have always been made on Sugar Syrup and, although we can't deny the negative health effects of excessive sugar consumption, we believe that traditional Soft Drinks were never intended to be a source of hydration, but a treat to be enjoyed in moderation. We only use Bundaberg Cane Sugar grown right here in Queensland and NONE of our drinks contain artificial sweeteners or added preservatives.

## Cherry Cheer

If this doesn't Cheers you up, nothing will! Still made to the original recipe handed down through the generations.

## Raspberry

You don't have to go to the pub to enjoy this old favourite! Full of ripe Raspberry flavour, if you find one better, we haven't heard of it!

## Musk

A recent addition to our family but a very old confectionary flavour. If you love the old fashioned Musk Sticks and Lollies it tastes the same..... with bubbles!

## Crow's Cola

It is always hard to compete with that other multinational Cola brand but, with a flavour profile remarkably like our famous competitor, it has been described as a smooth, full flavoured Cola. Next time you feel like a Red One, give old Crowie a go! You might be pleasantly surprised. Contains Caffeine.

## Mandarin

A delicious Ripe Mandarin flavour with delicate citrus tones, it's our alternative to boring old Orange. It may not be our biggest seller but our Mandarin has its share of dedicated followers.

## Lemonade

Crystal clear Old Style Lemonade, just like your favourite pair of 901's, some things never go out of style.

## Lemon Squash

Deliciously refreshing, our Lemon Squash is based on real Lemon Juice with no added colours. The perfect partner to a Queensland summer.

## Lime Supreme

With real Lime Juice we call this our 'Adults Only' lime drink (especially mixed with your favourite spirit!) Lower sugar and drier than the traditional 'Green' Lime, take yourself poolside with this one!

## Soda Water

From our pure water supply we add bubbles and NOTHING else! What more can we say?
